Next Steps

- Completion of Design
- Bid and Award of Project
- Construction

A vertical bar on the left side of the slide, transitioning from orange at the top to blue at the bottom.

Due to the high cost to operate, maintain and construct permanent restrooms in City parks, it is the policy of the Department to only recommend permanent restroom installations in community serving parks over five (5) acres in size which include amenities for the broader community such as a reservable sports field, a skate park and/or a dog park.
